

Federal strategy for Argentine cooperation

**“...WE DREAM OF A MORE FEDERAL, MORE EQUAL, MORE EQUITABLE COUNTRY”**

CFK

**COOPER.AR** is a response by the **General Directorate for International Cooperation (DGCIN)** to the demand made by the provinces and municipal districts to have more and better tools to address the challenges of development.

## ■ ASPECTS OF THE WORK OF COOPER.AR

- Regional work meetings around the country
- Regional courses on design, management and evaluation of projects (PCM)
- Construction of profiles for cooperation involving provinces and municipal districts
- Preparation of a catalogue of capacities of the provinces and municipal districts

**“WE NEED TO END THOSE SOCIAL, REGIONAL AND GEOGRAPHIC INEQUALITIES, SO THAT EACH ARGENTINE HAS THE SAME RIGHTS THROUGHOUT THE THREE MILLION SQUARE KILOMETRES OF OUR COUNTRY”**

CFK

For equal access through **COOPER.AR**, the **DGCIN** will organise Regional Work meetings with all the actors involved in international development within local government.

**“TODAY WE HOPE TO BE ABLE TO CREATE IN THIS 21ST CENTURY  
A NEW TYPE OF BOND BETWEEN PEOPLES, BASED SOLELY ON COOPERATION.  
IT WILL BE THE WORLD OF COOPERATION, AND IT SHOULD BECOME  
THE NEW GLOBAL MODEL”**

CFK

To accompany the inclusion of local governments,  
the **DGCIN** will bring the project design, monitoring  
and evaluation programme for cooperation (PCM)  
to the provinces.

IN ORDER TO COOPERATE WE MUST IDENTIFY  
STRENGTHS AND WEAKNESSES

The **DGCIN** team will accompany the development of a cooperation profile that will enable a search for partners.

**CONSTRUCTION OF A CATALOGUE  
OF CAPACITIES OF EACH PROVINCE  
AND MUNICIPAL DISTRICT**

Dirección General de  
**Cooperación Internacional**  
República Argentina
